PLAY WITH FRIENDS IS A SENSORY MOTOR PROGRAM PLAYGROUP

The group is aimed at families who have a young child with possible Spectrum Disorders (either yet to be identified or diagnosed) to come and join a Sensory Motor program. The play group is designed with an interest in fostering Social and interpersonal skills for young children with possible spectrum disorders. And includes focus on Gross motor movement, Music and Messy play activities.

The group will provide an opportunities for positive social interactions for the children, and help parents form a strong supportive network with other parents and carer
