
Primary

School Hours, Drop-off and Pick-up

Supervision is provided between 8.30am and 9.00am in the Kindergarten playground and on the quadrangle. If you need childcare prior to 8.30am, please avail yourself of the Before School Program rather than simply drop your children off. The playground equipment in the Primary Quad is out of bounds to students before 9.00am and after 3.15pm-when it becomes the domain of the After-School Care team. Due to student numbers and safety concerns children are not to use basketballs, footballs, soccer balls or the like before or after school. Should a student need first aid during these times they can see the teacher on duty or go to the primary front office.

School finishes at 3.15pm. You are kindly asked to meet your year 1-6 students in the Quadrangle rather than in the main building where there is genuine pressure on corridors and the staircase.

The Quadrangle gate will be locked at 3.30pm when the After-School Care Program takes over the facilities. If you have an emergency and are unable to collect your children on time, please inform Alley or Toni (61423380) or book them into After School Care. Uncollected students will be placed in the After-School Care Program and you will be invoiced.
