REPORT FROM THE PRIMARY DEPUTY PRINCIPAL

Dear Parents and Carers,

My sincere thanks to the Telopea Primary School community for your support and understanding in working with the school through the COVID-19 Pandemic and the changing circumstances that have resulted since late last term. We are in constant contact with the Education Directorate to put in place learning opportunities for all students and to ensure that the staged return to school is as smooth as possible.

At team meetings in week two, staff discussed the 241 responses and carefully analysed the data. I thank you for your input and support, some of the requests were out of our control and could not be met while other suggestions were put in place.

Currently, we are in the process of making a safe place for students, staff and parents to return. While some planned activities, such as assemblies and overseas excursions, cannot proceed, I want to stress the importance of providing our students with a sense of normality and calm as far as possible. We will continue to make adjustments and will continue to do so based on the government's advice. Ensuring that strong hygiene practices are in place is our priority. This will mean a change in drop off and pick up practices as we need to ensure that we all adhere to social distancing protocol. Parents will be asked to wait at the kindergarten and/or Primary school gate and not to enter the school yard. There, a teacher will greet your child or ensure that the children are ready for you during pick up times. Should you need to come in please use the front main school entrance. Unfortunately, the parent volunteer program will need to be postponed until further notice.

Parents and carers are asked to keep their child/ren at home if they show any signs of illness.

Our students have been a breath of fresh air through this challenging time, presenting each day eager to learn and adapting so well to this situation. Whether they were at home or attending one of the safe and secure sites all had challenges which together, we worked

through to overcome as best we could. Parents and families too have been very supportive through their comments, emails and gestures of kindness.

Take Care,

Anna McGown

Deputy Principal Primary

A 'Parenting Anxious Kids online course' is being offered through the Parenting Ideas website. This online course is designed for the parents and teachers of children who experience anxiety. Held over six sessions and featuring leading authorities from around the world, the course offers a range of tools to help manage and respond to anxiety, both in the moment and over the long term. Designed by author and award-winning parenting speaker Michael Grose and wellbeing expert Dr Jodi Richardson, the course also provides information on what anxiety is and how it functions in the brain and the body. Included in the course are mindfulness and breathing techniques, as well as strategies on nutrition, exercise, goal setting, awareness and more.

In recognition of the unsettling times we all face, they're offering \$50 off the Anxious Kids online course to you and our school community. Simply add the code **ANXIOUSTIMES** at the checkout to receive your discount. This offer is valid until **31 May** 2020.

Due to popular demand, G.A.T.E. WAYS. have opened up their current format of online offers for Weeks 20 and 21, allowing students to participate the opportunity to engage in live and interactive workshops in topics of their own choosing from home. These are the high quality, rigorous programs that you have come to expect from the G.A.T.E. WAYS.

Each program comprises two one-hour sessions on consecutive days. Parents enrol directly from the G.A.T.E. WAYS website. Students can also access the programs from school if required. These Week 20 (May 14 and May 15) programs are priced at \$60 per program.

<https://gws4a.mailchimpsites.com/>

Finally I would like to thank and congratulate all the Telopea Park School staff who have shown great flexibility and understanding. They have done everything they could for our students and have responded to requests from parents, students and me as soon as possible.

As we continue with online learning, our teachers are preparing to resume classroom teaching over the coming weeks. Telopea teachers are feeling really excited to be able to see their students upon their return.

At the Safe and Secure Site (Red Hill Primary School), we have had some students from our school and other local schools. Our students have had the opportunity to engage in their class meetings and online learning from school as other students have been accessing their work from home. The opportunity to meet new students, form friendships whilst at Red Hill and share their common experience has helped all who are attending.

NOUVELLES DU PRIMAIRE

Chères familles,

Je tiens à remercier sincèrement la communauté de notre école Primaire pour son soutien, sa compréhension et sa collaboration qui ont permis de gérer la crise du COVID-19 et les changements survenus depuis la fin du dernier trimestre. Nous sommes en contact permanent avec le Directeur de l'Éducation pour mettre en place la continuité pédagogique à distance pour tous les élèves et assurer un retour progressif en classe dans les meilleures conditions.

Lors des réunions d'équipe en semaine 2, les enseignants ont soigneusement analysé les 241 réponses reçues de l'enquête envoyée. Je vous remercie pour votre contribution et votre soutien. Certaines demandes sortaient de notre champ de compétences et n'ont, de ce fait, pu être satisfaites. D'autres suggestions ont, en revanche, pu être mises en place.

Nous adaptons actuellement les locaux et l'organisation de l'école afin d'assurer le retour des élèves, du personnel et des parents en toute sécurité. Certaines activités telles que les assemblées et les voyages à l'étranger ne pourront avoir lieu.

Je tiens à souligner l'importance que nous voulons donner à une reprise aussi normale et calme que possible, pour nos élèves. Nous continuerons à faire des ajustements en nous basant sur les recommandations des autorités. Notre priorité est de mettre en place des pratiques d'hygiène rigoureuses, d'appliquer les gestes barrières et de faire respecter le protocole de distanciation sociale pour les adultes. Lorsque vous déposerez ou récupèrerez votre enfant à l'école, vous ne pourrez plus entrer dans la cour et devrez attendre à la grille de la cour des Maternelles et/ou du Primaire. Un enseignant y accueillera votre enfant ou veillera à ce qu'il soit prêt lorsque vous venez le récupérer. En cas de besoin, vous devrez utiliser l'entrée principale pour entrer dans l'école. La présence des parents bénévoles soutenant nos enseignants n'est plus possible, et ce, jusqu'à nouvel ordre.

Nous demandons aux familles de garder leur enfant à la maison s'il présente des signes d'infection.

Nos élèves ont été « une véritable bouffée d'air frais » pendant cette période difficile. Ils se sont montrés chaque jour désireux d'apprendre et se sont merveilleusement bien adaptés à cette situation. Que ce soit chez eux ou accueillis dans une des écoles requises, ils ont tous dû relever les défis qu'ensemble, nous nous sommes efforcés de surmonter du mieux que nous pouvions. Les parents et les familles ont également été d'un grand soutien dans les messages qu'ils nous ont adressés.

Prenez soin de vous,

Anna McGown

Un cours en ligne intitulé '*Parenting Anxious Kids*' est actuellement disponible sur le site internet de "Parenting Ideas". Ce cours est conçu pour les enseignants et les parents d'enfants qui souffrent d'anxiété. Organisé en six sessions et regroupant des professionnels, le cours offre un éventail de ressources pour aider à gérer l'anxiété sur le moment et le long terme. Conçu par Michael Grose, auteur et conférencier spécialiste de l'éducation des enfants, et le Dr Jodi Richardson, spécialiste du bien-être, le cours définit l'anxiété et donne des explications sur son fonctionnement dans le cerveau et le corps. Le cours comprend des techniques de relaxation de pleine conscience et de respiration et apporte des recommandations alimentaires, des exemples d'activité physique, des conseils pour se fixer des objectifs personnels, des techniques de concentration et bien d'autres choses encore.

Compte-tenu de la période difficile que nous traversons, 50 dollars de réduction sont offerts sur le cours en ligne *Parenting Anxious Kids*. Pour en bénéficier, il vous suffit d'utiliser le code promotionnel ANXIOUSTIMES lors du paiement. Cette offre est valable jusqu'au 31 mai 2020. <https://www.parentingideas.com.au/parent-resources/>

En raison d'une forte demande, G.A.T.E.WAYS. a ouvert ses offres en ligne pour les semaines 20 et 21, ce qui permet aux élèves de participer depuis chez eux à des ateliers interactifs en direct sur des sujets qui les intéressent. Chaque programme comprend deux sessions d'une heure sur des jours consécutifs. Les parents s'inscrivent directement sur le site internet de G.A.T.E.WAYS. Les élèves peuvent également accéder aux programmes depuis l'école. Les programmes de la Semaine 20 (14 et 15 mai) sont proposés au prix de \$60 l'unité. <https://gws4a.mailchimpsites.com/>

Enfin, je voudrais remercier et féliciter tout le personnel du Lycée franco-australien / Telopea Park School qui a fait preuve de compréhension et d'une grande flexibilité. Tout le monde a fait de son mieux pour les élèves et répondu aux demandes des parents, des élèves et de moi-même dans les meilleurs délais.

Alors que nous poursuivons l'apprentissage à distance, nos enseignants se préparent à reprendre les cours dans les prochaines semaines, impatients de revoir leurs élèves.

L'école primaire de Red Hill (qui scolarise les enfants des personnes travaillant dans les secteurs essentiels) a accueilli des élèves de notre école et d'autres écoles voisines. Ceux-ci ont ainsi pu participer aux échanges avec leur classe et bénéficier du travail proposé à distance. Pendant leur séjour à l'école primaire de Red Hill, ils ont pu rencontrer de nouveaux élèves, se faire de nouveaux amis et partager leur vécu. Cette expérience les a certainement aidés à traverser cette période difficile.

HIGH SCHOOL ANNOUNCEMENTS

PE & Sport News

Wow, what a busy year it has been so far in PE & Sport. This year has seen some movement in our faculty staff with Mr Simon Foxhill and Mr Callum Richardson joining our team. Mr Richardson is also teaching in the Arts and Design faculty, as well as Ms Hayley Goyne who has returned to teach both Physical and Health Education and Food Technology. We will bid a temporary farewell to Mrs Alex Currie who is due to have her 3rd child in June. We wish her all the best for the birth and whilst on her maternity leave. Mr Richardson is currently co-teaching with Mrs Currie and will take over her classes when she leaves.

Mrs Paula Rayner, Mrs Kathryn Ibbotson, Mr James McAuliffe, Mr Scott Sherwin and Mr Steve Ryan have all returned, but Mr Ben Yuen has flown the coop and is now teaching Digital Technologies full time. Whilst we miss his face and personality in the PE staffroom and faculty, he still manages to come down to visit us when he can. I have continued in my role as acting executive teacher, branching out to have a more active role in the Primary School with all things sport, as well as supporting our new Primary PE teacher Mr Thibault Legoueff who joined us in week 4 of term 1.

Congratulations to Mr McAuliffe who represented the ACT in Touch Football at the National Tournament held at the Gold Coast in March.

The following is a wrap up of all things PE and sport from term 1 and early term 2, and a look at what is still to come this term.

Physical and Health Education

All students had settled well into their PE classes for term 1 with students engaging in a variety of sports focused around many of the sports on offer during term 1. Classes completed a range of units before we were introduced to remote teaching and learning, including Health units on Positive Relationships and Sexuality (year 7), Drug Education and Safety (year 8) and Relationships and Sexuality (years 9 & 10) and practical units on Tennis, Basketball, Volleyball, Soccer, Cricket, European Handball. We were lucky enough to begin some specialist tennis coaching sessions in the Year 8 Tennis Program – with a Sporting Schools grant giving us the opportunity to bring in Tennis ACT coaches. We have a great relationship with Tennis ACT and hope to start some lunchtime groups and possibly even a school social tennis competition in the near future.

The Year 10 Outdoor Education class with Mr Sherwin was unable to attend their Week 7 camp, but we have assured them that their planning and preparation – snorkelling practice, swimming laps, tent pitching and team building has not gone to waste – they will continue with their class into Semester 2 and do their camp in the middle of term 4. The brand-new Year 9 Outdoor Ed class with Mrs Ibbotson was also unfortunate to have their camp postponed – they will also have the chance to finish off their preparation and compete their camp.

With the introduction of remote teaching and learning in week 8 last term, our staff set up some fabulous activities on some "Choice Boards" to help keep the students active and engaged in a range of activities whilst we sorted out our term 2 program. Students learned to juggle, cooked meals for their families, a range of fitness activities and challenges, dance, cardio drumming, create videos and generally get active in a range of new and exciting ways. We really enjoyed reading and viewing your feedback and results. There will be house points awarded to those who have completed and submitted their reflection journals for this activity.

When students return to normal classes, we will give them one last reminder and chance, then reveal the "Choice Board Champion House". These points will go towards the overall house tally, in place of our Cross Country and Athletics carnivals which we unfortunately had to cancel. The feedback received from the choice boards certainly helped us develop some activities and ideas to guide you through the Term 2 Fitness Project. But it won't stop there – we have planned a few challenges for the students when they return ... and will continue to include a new range of fun fitness activities throughout the remainder of the term (and beyond)

This term, students began our "Fitness Project", a new initiative introduced to keep students active and educate them all on the importance of fitness and activity, even when socially isolated at home. The idea was to give them an 8-week program to make the most of the home and local environment and resources that were available to them and their family. We have received some great positive feedback – both on the current program and ways we can further develop and improve it. Teachers have had a great time putting it all together – a true collaborative project – and at the same time we have developed a range of new skills in the digital world.

With the gradual return to face-to-face teaching and learning over the next few weeks, we will continue with our current program, enabling remote learning whilst year groups are there, and face-to-face instruction and support. Our year groups who are still learning remotely will follow the same format we have done for the first 3 weeks of term – a video presentation of the google slides, a worksheet to reinforce the learning and show an understanding of the concepts (including their weekly fitness program) and a short quiz to provide some formative feedback. The year groups who have returned to school will be instructed through one lesson to complete the theory components, then we will have 2 lessons of fitness fun and activities. We see the "Fitness Project" as vital for lifelong fitness and healthy lifestyles – we hope that the students have had as much fun working through it as we had putting it all together.

Finally, just a gentle reminder to all students that they are required to get changed for practical lessons. This includes the PE shirt, navy shorts/trackpants and appropriate footwear. If you do not have a PE shirt then they can be purchased from the uniform supplier at the Jamison Centre, Macquarie. There are still a number of the older PE shirts (limited smaller sizes) available from the PE staffroom – come and check with us first. Don't forget your jumpers – please wear them, especially when it is cold, over our PE shirt.

While the majority of students were doing the right thing, there was an increasing number of students coming to PE with unsuitable footwear. Flat soled shoes, such as Vans, Converse and other street style shoes, do not provide the required support and traction needed for the activities covered in PE. Students are also requested to bring a drink bottle, particularly given the bubblers have been switched off, and that we are going to be including many fitness activities in our program over the next few weeks. Sunscreen is always available for students to use when outside, but students are also welcomed to bring their own, especially if sensitive to general sunscreen.

Sports Carnivals

We were fortunate enough to get our Swimming Carnival in during week 6 – with great weather and loads of participation and school spirit, despite it being the day after a long weekend. Ideally, we would have liked to announce our Age Champions and Champion House, but we would like to make this a special presentation at school when we can. We appreciate that some of you are busting to know ... but we cannot spoil the surprise! We will post the race results ready for week 6 when the whole school will be back.

Special thanks to the organising team – Mr Scott Sherwin and Ms Megan Taylor for their leadership of this carnival.

Other Sporting Teams and activities

Sadly, the School Sport ACT sporting calendar was put on hold, but we were able to compete in the rugby days – where our girls teams had a great day out with loads of improvement and laughs along the way.

At this stage we do not know what is happening with School Sport for the remainder of the year. The term 2 events have all been cancelled, as have all the School Sport Australia Championship events for 2020. As restrictions are lifted and changes are slowly implemented, we will have more information. Hopefully there will be the chance to “jump back on the horse” and participate in some interschool events before too long.

At the moment we are unable to book our annual 7/8 and 9/10 ski trips. If things change and we get the go ahead, we will let everyone know as soon as possible.

Lunchtime happenings

We have been lucky to get the gym opened for a permanent lunchtime duty on Mondays and Thursdays. This has enabled us to provide a range of activities for targeted and general groups, as well as activities on other lunchtimes as well. We will continue with activities on these days, and others if possible and hope to start the lunchtime volleyball competition we planned for the end of term 1. We have had many (MANY) requests for another Futsal competition, and a Big Ball Volleyball competition – they have been discussed, and students are asked to continue to check the noticeboard and daily notices for developments.

Facility Upgrades

Students would have noticed the missing store room doors and the new window ... the PE staffroom was extended over the January holidays to accommodate the growing number of staff – the original staffroom was designed for 5 staff and we now have 8 permanent staff in PE, and 2 additional staff teaching in other areas. Our storeroom has been relocated to the new area behind the “soccer player mural”, as well as additional storage in the internal Gym storeroom. The corridor was painted last year in bright and vibrant house colours, with some new noticeboards added in late last year too. We are loving our new area and entry – we hope you are too.

The 2019 Semester 1 Women In Sport class took part in the “Girls: It’s Your Move” ACT Government initiative, winning a grant to “upgrade the girls changerooms”. They excitedly spent time at the end of term 4 last year creatively painting the changerooms. One wall requires a repaint, and the plants and heater will be installed shortly. They are looking amazing – the girls did a fabulous job, and the team are now in discussions on how they can next decorate the boys changeroom as well. In total, the girls won a grant of \$1500. We hope to commit to the IYM program in 2021 to see what else they can come up with.

Finally, if you have any questions about your child’s participation and progress in PE and Health or Sport, please feel free to contact myself or your child’s PE teacher.

Regards

Megan Taylor (Acting Executive Teacher – Health and PE, Sport)
